

ACCOUNTING AT BERKELEY
The Pathway for Next-Generation Financial Advisors

THE ACCOUNTING BOOT CAMP
SUMMER 2012

WHAT IS THE ABC?

With the changes in course requirements to become a CPA in the State of California, most students graduating in 2012 and beyond will have to obtain 150 semester units of coursework along with their undergraduate degree. The Accounting Boot Camp (ABC) provides additional offerings of Berkeley-Haas accounting courses, including courses that are **brand new to the curriculum**, to help students meet the State of California requirements.

THE ABC PROGRAM

For 2012, the Accounting Boot Camp will be incorporated as part of the University of California, Berkeley Summer Sessions program (i.e., the program that administers the summer term at UC Berkeley). The ABC courses will primarily be held over **two six-week sessions throughout the summer**. The program will also include **one eight-week online course** during the summer.

ABC will:

- allow students to earn academic credit for accounting courses taught at the Haas School of Business that will apply to their CPA requirements;
- be flexible in order to meet the needs of both students who fall under the “old” Pathway 1 and 2 requirements and students who will fall under the “new” requirements that go into effect January 2, 2014;
- provide students the option to choose the number and type of accounting courses that they need to meet their career interests and fill the holes in their requirements;
- prepare students to start their careers without having the burden of completing additional coursework;
- help students to space out their CPA course requirements and meet their major course requirements throughout the rest of their time in school;
- introduce new business-minded students to the accounting profession and the related career opportunities.

In addition, the ABC Program will include various career-oriented activities to introduce students to the opportunities within the accounting profession.

Curriculum and Instructors

The professors in the ABC all have a long association with the Haas School of Business and all bring to the classroom a stimulating mix of the theory and practice of accounting.

Summer Session A – Six Weeks (May 21 to June 29, 2012)

Course Number	Course Title	Instructor	Units	Day & Time
UGBA 102A-1	Intro to Financial Accounting*	Udpa	3	Tu/Th, 1:00-3:30
